

2017-18 FLVS Full Time Grades 9-12 Homeschool Prior Academic History Form

This form is to be used to document ALL high school level courses completed through a homeschool program or curriculum. The information will be used to determine the most appropriate course placement for your student. If more information is needed, you may be asked to submit additional documentation. If the homeschooling curriculum your student completed issued progress reports or report cards, please submit that documentation. Florida home education students should also submit their district's most recent homeschool evaluation form as directed in the application. Courses completed at a public or private school should be documented on a report card or unofficial transcript and you should not use this form. **Complete one form per student, if applicable.** Students may request to receive credit for courses completed in previous educational settings other than fully accredited schools, including homeschool, non-accredited public, private, alternative or international schools. Please consult an FLVS Full Time school counselor for additional information about how credit is granted for coursework completed in a non-standard school program.
